A Platter Ahead in Half-Height Winchesters

Tulin fits your data storage needs with half-height Winchesterstors storing 13.34, 26.7 and 40 megabytes (unformatted). But Tulin gives you more than big capacity in a little space. Tulin gives you a higher level of technology, better reliability, and more proprietary features.

Formed by leading Winchester technologists, Tulin is backed by the resources of one of the world's largest electronics companies. So don't be afraid to order your evaluation units now. We're ready to show that Tulin fits in your system.

Features: Capacities of 13.34, 26.7 and 40 megabytes (unformatted). ■ One/two/three platter design for more capacity now and later. ■ Half-height design. (Mount two in one mini-floppy cavity.) ■ Inside hub spindle motor saves space. ■ Heat dissipation—only 15 watts ■ Standard ST506/412 interface ■ Dedicated head landing/shipping zone ■ Rotary actuator has only one moving part. ■ R/W head preamp inside head disc assembly for better signal to noise ratio and better protection from RF interference. ■ Automatic spindle brake and actuator lock
